Presentations

- System Backup using TimeMachine
- Apple gear tends to be pretty reliable, so it's easy to become lulled into a false sense of security. But if you're not regularly backing up important files from your computers, smartphones and tablets, then you could lose everything in a heartbeat.

Presentations

- Editing Images with Preview
- As well as displaying PDFs and other images, Preview App is a great little image editor, too. Preview offers basic tools for cropping, resizing, rotating, annotating, and otherwise tweaking images.
